OUR MISSION

"To bridge the divide between economic disparities, through comprehensive financial education and equitable access to financial strategies, generally reserved for the wealthy."

OUR GOAL

To improve the lives of each and every one of our clients through a comprehensive financial planning process - and it's not a 'one size fits all' kind of approach.

Creating custom plans, based on the goals, lifestyle, and situations of our clients, and ensure that they are on the road to financial freedom.

ABOUT ME

Before joining the Spectre Financial team as an advisor, I was a client looking to set myself up for financial success and independence in the future. My goal now, as an advisor is to help clients achieve financial freedom by educating them on realistic strategies and planning for the future.

Outside the office I love to cook, travel, garden and spend time making memories with family and friends.
